New York Society for Gastrointestinal Endoscopy
40th Annual New York Course

Four Decades at the Forefront of Endoscopy
December 15-16, 2016

Doris C. Barnie GI Nurses and Associates Course
December 15-16, 2016 (page 5)

Optional Satellite Programs: Advanced Hands-On Workshops and Symposia
December 14-15, 2016 (pages 7-10)

New York Marriott Marquis Hotel
1535 Broadway • New York, NY 10036

The 40th Annual New York Course is jointly provided by the Albert Einstein College of Medicine and the New York Society for Gastrointestinal Endoscopy

The Doris C. Barnie GI Nurses and Associates Course is jointly provided by the Northern New Jersey Society of Gastroenterology Nurses and Associates and the New York Society for Gastrointestinal Endoscopy
40th Annual New York Course

THURSDAY, DECEMBER 15

6:30 – 7:25 am Registration
Continental Breakfast

Welcome
7:25 – 7:35 am Course Directors: Brian P. Bosworth, MD; Juan Carlos Bucobo, MD; David A. Greenwald, MD

Florence Lefcourt Lecture
7:35 – 7:50 am NYSGE: 40 Years at the Forefront of Fighting Colon Cancer
Sidney J. Winawer, MD

Session 1: Colonoscopy: The Next 40 Years
7:50 – 8:05 am Colonoscopy Quality: Adenoma Detection Rates and Beyond
David A. Robbins, MD, MSc
8:05 – 8:20 am Innovation in Colonoscopy: Pushing the Envelope
Mark B. Pochapin, MD
8:20 – 8:35 am 40 Years of Polypectomy: Doing It My “Waye”
Jerome D. Waye, MD
8:35 – 8:45 am Panel Q & A

ASGE President’s Lecture
8:45 – 9:00 am Surveillance in IBD: Finding Non-Polypoid Dysplasia Using Enhanced Imaging
Kenneth R. McQuaid, MD

David B. Falkenstein, MD Lecture
9:00 – 9:15 am Colitis in the Elderly: Anything Special?
Lawrence J. Brandt, MD
9:15 – 9:45 am Break Served in Exhibit Hall

Session 2: 40 Years of Bleeding and Emergencies
9:45 – 10:00 am Small Bowel Bleeding: What Are We Looking At?
Seth A. Gross, MD
10:00 – 10:15 am Capsule Endoscopy: Forging Forward, Seeing More
David J. Hass, MD
10:15 – 10:30 am Upper and Lower GI Emergencies
David L. Carr-Locke, MD
10:30 – 10:40 am Panel Q & A

Session 3: GI Motility: 40 Years of Stunning Progress
Felice Schnoll-Sussman, MD
10:55 – 11:10 am Gastric and Small Bowel Motility: Smart Pills, Smarter Physicians
Abraham Khan, MD
11:10 – 11:25 am Myotomies for All? Achalasia, Gastroparesis and Beyond
Stavros N. Stavropoulos, MD
11:25 – 11:35 am Panel Q & A
11:35 – 11:45 pm Stretch Break

Concurrent Lunch Program I
11:45 – 12:35 pm Update on Rare Genetic Disorders in Gastroenterology

Concurrent Lunch Program II
11:45 – 12:35 pm Infection Prevention

12:35 – 1:05 pm Break: Visit the Exhibits

Session 4: Burgeoning Options in Bariatrics: Even If Your BMI Isn’t 40
1:05 – 1:20 pm Making It Smaller: Endoscopic Gastroplasty
Reem Z. Sharaiha, MD, MSc
1:20 – 1:35 pm Complications of Bariatric Procedures
Nikhil A. Kumta, MD
1:35 – 1:50 pm Surgical vs. Endoscopic Treatment for Obesity
Marc Bessler, MD
1:50 – 2:00 pm Panel Q & A

Live Endoscopy 1
2:00 – 2:55 pm Mentored by the Masters:
Special Breakout Session for Fellows
Comment & Discussion on Live Endoscopy 1 Cases
Led by Jonathan M. Buscaglia, MD and Sherif Andrawes, MD

Live Endoscopy 2
3:40 – 4:35 pm Mentored by the Masters:
Special Breakout Session for Fellows
Comment & Discussion on Live Endoscopy 2 Cases
Led by Sammy Ho, MD and Lauren G. Khanna, MD

3:10 – 3:40 pm Break Served in Exhibit Hall

Live Endoscopy 3
4:25 – 5:15 pm Mentored by the Masters:
Special Breakout Session for Fellows
Comment & Discussion on Live Endoscopy 3 Cases
Led by Jonathan M. Buscaglia, MD and Sherif Andrawes, MD

Session 5: Inflammatory Bowel Disease: 40 Years After Steroids
4:35 – 5:05 pm Biologics and Beyond in IBD Therapy
David P. Hudesman, MD
5:05 – 5:15 pm Panel Q & A

Peter D. Stevens, MD Endoscopic Video Forum
5:15 – 5:45 pm Moderators: Anthony A. Starpoli, MD and Tamas A. Gonda, MD

5:45 – 6:00 pm Visit the Exhibits

7th Annual Scientific Poster Session and Reception
5:45 – 7:00 pm Coordinators: Susana Gonzalez, MD and Satish Nagula, MD

Fellows Forum
7:00 – 8:00 pm Moderators: Brian P. Bosworth, MD and Michelle Kang Kim, MD, PhD
Welcome Back
6:30 – 7:30 am
Registration
Continental Breakfast

Session 6: Esophagus: Much More Than a 40 cm Tube
Moderator: Susana Gonzalez, MD
7:30 – 7:45 am
Advanced Imaging in Barrett’s Esophagus
Jonathan Cohen, MD
7:45 – 8:00 am
Approaches to Barrett’s Ablation – Charles J. Lightdale, MD
8:00 – 8:15 am
Endoscopic Treatments for GERD – Anthony A. Starpoli, MD
8:15 – 8:25 am
Panel Q & A

Live Endoscopy 3
Moderator: David A. Greenwald, MD
8:25 – 9:35 am
Mentored by the Masters:
Special Breakout Session for Fellows
Comment & Discussion on Live Endoscopy 3 Cases
Led by Arnold J. Markowitz, MD and Divyesh Sejpal, MD
8:25 – 9:25 am
Anticipated Procedures:
Barrett’s Esophagus and RFA
EUS, EMR, ESD
Endoscopic Anti-Reflux Techniques
Upper GI Pathology: The Best of the Rest
9:25 – 9:35 am
Live Endoscopy 3 Panel Discussion
9:35 – 10:05 am
Break Served in Exhibit Hall

Peter D. Stevens, MD Lecture
Introduction by John M. Poneros, MD
10:05 – 10:20 am
Endoscopic Closure of Fistulas and Perforations
Patrick I. Okolo III, MD, MPH

Session 7: Pancreaticobiliary Endoscopy
Moderator: Michel Kahaleh, MD
10:20 – 10:35 am
A Rock Stuck in a Hard Place: Chronic Pancreatitis
Christopher J. DiMaio, MD
10:35 – 10:50 am
ERCP in the Next 40 Years – Martin L. Freeman, MD
10:50 – 11:00 am
Panel Q & A

Live Endoscopy 4
Moderator: David A. Greenwald, MD
11:00 – 11:55 am
Mentored by the Masters:
Special Breakout Session for Fellows
Comment & Discussion on Live Endoscopy 4 Cases
Led by Juan Carlos Bucobo, MD and Mark A. Schattner, MD
11:00 – 11:45 am
Anticipated Procedures:
Pancreatic Cysts/Pseudocyst Drainage
ERCP: Pancreatic Endotherapy
Everything Pancreas: The Best of the Rest
11:45 – 11:55 am
Live Endoscopy 4 Panel Discussion
11:55 – 12:05 pm
Stretch Break

Lunch Program
12:05 – 12:55 pm
New Therapies for Primary Biliary Cholangitis and Other Liver Disorders
12:55 – 1:25 pm
Break: Visit the Exhibits

Session 8: Endoscopic Oncology: 40 Years in the Making
Moderator: Shivakumar Vignesh, MD
1:25 – 1:40 pm
Early Gastric Cancer: Resect, Dissect or Cut?
Amrita Sethi, MD, MSc
1:40 – 1:55 pm
Malignant Obstruction: Stent or Bypass — What Should We Do? – Satish Nagula, MD
1:55 – 2:10 pm
Endoscopic Submucosal Dissection
Alessandro Repici, MD
2:10 – 2:20 pm
Panel Q & A

Live Endoscopy 5
Moderator: David A. Greenwald, MD
2:20 – 3:25 pm
Mentored by the Masters:
Special Breakout Session for Fellows
Comment & Discussion on Live Endoscopy 5 Cases
Led by Michelle Kang Kim, MD, PhD and David H. Robbins, MD, MSc
2:20 – 3:15 pm
Anticipated Procedures:
GI Bleeding
ERCP: Biliary Endoscopy
Therapeutic EUS
3:15 – 3:25 pm
Live Endoscopy 5 Panel Discussion
3:25 – 3:50 pm
Break Served in the Exhibit Hall

Keynote Lecture
Introduction by Maurice A. Cerulli, MD
3:50 – 4:05 pm
The 2016 Election: The Next 4.0 Years
Scott M. Tenner, MD, MPH, JD

Edmund Bini Lecture
Introduction by Arnold J. Markowitz, MD
4:05 – 4:20 pm
Proton Pump Inhibitors: Realities and Risks
Philip O. Katz, MD

Session 9: Back to the Future: 40 Years Ahead of Their Time
Moderator: Michelle Kang Kim, MD, PhD
4:20 – 4:35 pm
Cool Stuff Happening Right Now
Juergen Hochberger, MD, PhD
4:35 – 4:50 pm
Therapeutic EUS: The New Frontier
Paul Fockens, MD, PhD
4:50 – 5:00 pm
Fast Forward: Endoscopic Research in the Next 40 Years
Tamas A. Gonda, MD

Closing Remarks
5:00 pm
Course Directors: Brian P. Bosworth, MD; Juan Carlos Bucobo, MD; David A. Greenwald, MD
Course Directors
Brian P. Bosworth, MD, NYSGEF
Juan Carlos Bucobo, MD
David A. Greenwald, MD, NYSGEF

Live Endoscopy Course Directors
Gregory B. Haber, MD
Frank G. Gress, MD, NYSGEF

Advanced Hands-On Workshops and Satellite Symposia Course Directors
Brian P. Bosworth, MD, NYSGEF
Jonathan Cohen, MD, NYSGEF

Doris C. Barnie GI Nurses and Associates Course Directors
Barbara Zuccala, MSN, RN, CGRN
Nancy S. Schlossberg, BSN, RN, CGRN

Intended Audience
Practicing Gastroenterologists, Gastrointestinal Endoscopists and Surgeons, GI Fellows, Physician Assistants, Nurse Practitioners and GI Nurses and Associates

Course Description
Under the direction of expert faculty, this course is designed to improve endoscopic practice through live case presentations, video and hands-on demonstrations, didactic lectures including audience interaction and questions, and hands-on training using animal tissue models.

The course goals are to help participants improve their ability to accurately diagnose and effectively treat the spectrum of gastrointestinal diseases and disorders, enhance quality in all practice settings, embrace advances in healthcare delivery, payment systems, and healthcare information sharing; apply state-of-the-art technology in a cost-effective way, understand trends in interventional endoscopic and surgical procedures, and to foster an evidence-based approach to endoscopic decision-making for commonly encountered and controversial problems in gastroenterology.

As gastrointestinal endoscopy continues to experience a rapid expansion of knowledge and technological innovation, and advances in therapeutic endoscopy challenge or entirely replace certain purely diagnostic endoscopy techniques, the need for superior continuing education becomes increasingly important. This course will enable participants to attain and apply cutting edge information and evolving technological innovations to elevate practice levels and enhance patient care and treatment outcomes.

Learning Objectives
- Develop practice patterns and standard procedures that incorporate objective measurements of quality metrics in the daily clinical practice of endoscopy, and use the results to make continuous improvement in patient care across a range of clinical gastroenterology procedures
- Examine and discuss novel endoscopic therapies in comparison to traditional medical and interventional treatments
- Demonstrate tools and skills necessary to accurately identify and effectively treat complications of gastrointestinal endoscopy
- Identify appropriate tests and methods to assess mucosal damage and disease status in patients with inflammatory bowel disease, and then apply methods to evaluate healing and successful treatment
- Evaluate the effectiveness and safety of new treatments for hepatitis C
- Identify novel therapies in the management of both uncomplicated and complicated gastroesophageal reflux disease, including medical, endoscopic and surgical approaches
- Recognize the various common swallowing disorders, including how to evaluate these with common tests such as manometry and radiologic testing, and apply appropriate treatment options
- Discuss the spectrum of commonly seen motility disorders of the GI tract, including esophageal, stomach, small intestine and colon, and outline current treatment options and the effectiveness of current therapies
- Evaluate the commonly seen types of colon polyps, recognize the progression of such polyps to malignancy, and review data on the efficacy and safety of techniques for removal of colorectal polyps
- Recognize the various etiologies and manifestations of bleeding in the gastrointestinal tract, evaluate methods for diagnosis and management of upper and lower GI bleeding, and review algorithms for evaluation and treatment of obscure GI bleeding
- Evaluate current advances in both diagnostic and therapeutic ERCP including management and treatment of biliary stones, cholangitis, strictures, malignancies, and prevention of pancreatitis associated with ERCP
- Review state-of-the-art use of endoscopic ultrasound (EUS) in the diagnosis of and therapy for disorders of the GI tract, including pancreatic cysts, solid masses, lymph nodes, injection therapies, and drainage of collections
- Identify the presence and treatment of common disorders of the small bowel including celiac disease, small intestinal bacterial overgrowth, diarrhea, malabsorption, malignancies, and diverticular disease
- Recognize the diagnostic and therapeutic capabilities of interventional endoscopy; identify appropriate methods to detect and assess dysplasia and early mucosal cancers of the GI tract, and evaluate the various endoscopic and surgical treatment modalities for these early malignancies
- Evaluate the implications and benefits of changes in healthcare delivery and payment systems and apply new health information technologies to current practice

Accreditation Statement
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Albert Einstein College of Medicine and the New York Society for Gastrointestinal Endoscopy. Albert Einstein College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
Albert Einstein College of Medicine designates this live activity for a maximum of 15.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict of Interest
The Conflict of Interest Statement of Albert Einstein College of Medicine requires that faculty participating in a CME activity disclose to the audience any relationship(s) with a pharmaceutical or equipment company. Any presenter whose disclosed relationships prove to create a conflict of interest with regard to their contribution to the activity will not be permitted to present.

Albert Einstein College of Medicine also requires that faculty participating in any CME activity disclose to the audience when discussing any unlabeled or investigational use of any commercial product or device not yet approved in the United States.

The staff of NYSGE and the Center for Continuing Medical Education of Albert Einstein College of Medicine have no conflicts of interest with commercial interests related directly or indirectly to this educational activity.

Support
We expect support for this program through grants from pharmaceutical and medical device companies.

**Note:** All of the physicians program is open to GI nurses and associates and will be submitted for nursing credit hours, with the exception of the poster session and optional satellite programs.

---

**Purpose** To educate GI nurses and associates about current and emerging therapeutic and technical advances in the practice of gastroenterology.

**Nursing Accreditation Statement** This educational activity has been submitted to the Society of Gastroenterology Nurses and Associates, Inc. for approval. The Society of Gastroenterology Nurses and Associates, Inc. is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

**Contact Hours** 16 Contact Hours Pending

**Certification Board for Sterile Processing and Distribution** This educational activity has been submitted to the Certification Board for Sterile Processing and Distribution, Inc. (CBSPO) for approval of continuing education units (CEUs) toward maintenance of certification.
Two Days of Broadcasts Again This Year!

Procedures telecast live from NYU Langone Medical Center and may include:

- Ampullectomy
- Challenging Polypectomy
- Colonoscopy for IBD
- Difficult Cannulation
- Double Balloon Enteroscopy
- EUS/FNA Cyst Drainage
- Electrocautery and APC
- RFA for Barrett’s Esophagus

Invited Endoscopists
David L. Carr-Locke, MD, NYSGEF
Jonathan Cohen, MD, NYSGEF
Christopher J. DiMaio, MD, NYSGEF
Paul Fockens, MD, PhD
Frank G. Gross, MD, NYSGEF
Gregory B. Haber, MD

New York Society for Gastrointestinal Endoscopy
40th Annual New York Course

7th Annual Scientific Poster Session and Reception
Thursday, December 15 • 5:45 pm to 7:00 pm

Guidelines
- Individuals currently enrolled in an accredited medical school, residency, or three-year Gastroenterology fellowship are eligible to submit, as are fellows enrolled in Advanced Endoscopy, Hepatology, IBD or Motility fellowships
- Applicants are not required to be the lead author, but must have contributed significantly and meaningfully to the research study
- Any clinical topic within Gastroenterology or Hepatology is suitable for submission, although case reports will not be accepted
- Abstracts submitted to a national meeting (DDW, ACG, AASLD) in the past year are eligible
- Acceptance by NYSGE does not preclude future submission to other conferences
- The body of the abstract is limited to 2,900 characters, including spaces
- If selected, posters may be no larger than 4’ x 8’
- Judges and course attendees will view the posters from 5:45 pm to 7:00 pm, during which time all presenters must be in attendance
- An NYSGE Fellows Research Award will be presented to the top three scoring posters, and the winners announced at the NYSGE Annual Dinner and Business Meeting in February 2017

Submission Instructions
- Include your Full Name, Institution, Email Address, and Phone Number at the top of the first page of your abstract. Abstracts without this information will not be reviewed.
- Only MS Word and PDF file formats are acceptable
- Name your file as follows: Your Last Name – Institution – Abbreviated Title of Abstract
- Email your file to both info@nysge.org and kcervenka@nysge.org
- Notification of acceptance will be made on a rolling basis beginning on November 1 and continuing on a space-available basis through the final submission deadline of November 14. Submit early!
- Instructions for complimentary registration will be sent separately after notification of acceptance

Special Offer
The 40th Annual New York Course registration fee will be waived for fellows with accepted posters (limited to one per poster session abstract), pending grant approval.

Submission Deadline
Submissions accepted on a space-available basis through Monday, November 14

Fellows Forum
Thursday, December 15 • 7:00 pm–8:00 pm

Fellows and recent GI graduates are invited to attend this open exchange about securing a job in academia or private practice, negotiating a contract, and other career-related topics.

Exhibits and Hands-On Demonstration Tables
Many outstanding companies and organizations will be participating this year. Take advantage of this opportunity to learn about the latest products and services of importance to your patients and practice. Breakfasts and breaks will be hosted in the exhibit area to provide a relaxing respite from the intensive program. Specific products will be demonstrated in the hands-on area during each break.

Exhibit Hours
Thursday, December 15 from 7:30 am to 6:00 pm
Friday, December 16 from 7:30 am to 4:00 pm

Peter D. Stevens, MD
Endoscopic Video Forum
Thursday, December 15

Guidelines
- Subject matter must be endoscopic in nature and pose a clinical challenge or demonstrate an intriguing technique
- Files may be no more than 3 minutes in length and may include a narrative audio track that will be used for review purposes, but will not be part of the live presentation
- Five videos will be selected. If chosen, you must be present to narrate your video during the video forum on the above date. A two-minute panel discussion will follow each presentation
- An award will be presented to the top video, and the winner announced at the NYSGE Annual Dinner and Business Meeting in February 2017

Submission Instructions
- Prepare an MS Word file that includes your Full Name, Institution, Email Address, and Phone Number
- Name both this and your video file as follows: Your Last Name – Institution – Abbreviated Title of Video
- Email just your MS Word file to both info@nysge.org and kcervenka@nysge.org
- Once received, you will be sent instructions on how to submit your video file
- Notification of acceptance will be made on a rolling basis beginning on November 1 and continuing on a space-available basis through the final submission deadline of November 14. Submit early!

Submission Deadline
Submissions accepted on a space-available basis through Monday, November 14
Option 1
Barrett’s Esophagus-Moving the Needle Forward: Pearls for Patient Management
Wednesday, December 14, 2016
12:45 pm – 5:30 pm

Course Director
Felice Schnoll-Sussman, MD

Guest Faculty
Philip O. Katz, MD; Vivek Kaul, MD; John C. Lipham, MD; Michael S. Smith, MD, MBA; Amir E. Soumekh, MD

Intended Audience
Practicing Gastroenterologists, GI Fellows, and GI Nurses and Associates

Course Description
The field of gastroenterology is becoming more and more subspecialized. The treatment of Barrett’s esophagus has evolved significantly with multiple advances in detection, diagnosis, and management. These advances include non-invasive methods of screening and surveillance as well as advanced endoscopic techniques that can be performed in ambulatory surgical centers, offices, and specialized units. Through lectures, case studies and hands-on training experiences, this course will present the essential tools for diagnosis and management of patients with Barrett’s esophagus that attendees can start to perform immediately.

Learning Objectives
• Recognize the potential role of unsedated screening for Barrett’s esophagus in modern practice
• Utilize the basic and advanced endoscopic examination in the diagnosis and surveillance of Barrett’s esophagus
• Provide options for medical therapy and chemoprevention
• Choose appropriate techniques for ablation of Barrett’s esophagus
• Define the surgical options for management of Barrett’s esophagus and early cancer

Agenda
12:45 – 1:15 pm
Registration, Refreshments and Introductions

Screening Without Sedation: What Can We Realistically Offer?
Philip O. Katz, MD

1:15 – 1:30 pm
Making the Diagnosis: Histology Beyond Seattle
Michael S. Smith, MD, MBA

1:30 – 1:55 pm
Endoscopy: Focus Beyond White Light
Vivek Kaul, MD

1:55 – 2:10 pm
Preventing Progression to Cancer Medical Reflux Control and Chemoprevention: Does It Help?
Philip O. Katz, MD

2:10 – 3:15 pm
Endoscopic Interventions: Eeny, Meeny, Miney, Moe: RFA, CRYO, EMR, ESD Which One Should I Do?
Felice Schnoll-Sussman, MD

New Surgical Options for Barrett’s Esophagus Patients
John C. Lipham, MD

3:15 – 4:00 pm
Putting It All Together: Very Challenging Case Studies
Amir E. Soumekh, MD and Faculty Panel
• 55 yr old WM w/ G6M6 non dysplastic Barrett’s esophagus
• 65 yr old WM w/ C3M5 has WATS 3D biopsy w/HGD and forceps w/o dysplasia
• 45 yr old WM w/C1M3 and a nodule at GEJ with HGD on biopsy
• 80 yr old WM w/recurrent HGD at anastomosis 4 yrs after esophagectomy
• 60 yr old WF w/ C7M7 s/p RFA and cryoablation with persistent dysplasia

Move to Hands-on Area

Hands-On Training with the Faculty Rotation Through the Following Stations
Endoscopic Mucosal Resection
Radiofrequency Ablation
Cryoablation
Wide Area Transepithelial 3D Biopsy
Magnetic Device for Reflux Control
Optical Coherence Tomography
Confocal
pH Analysis
High Resolution Manometry

Accreditation Statement
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the providership of Albert Einstein College of Medicine and the New York Society for Gastrointestinal Endoscopy. Albert Einstein College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
Albert Einstein College of Medicine designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Optional Satellite Programs: Advanced Hands-On Workshops and Symposia

Option 2
STER to SAP: Combined Upper and Lower GI Resection and Advanced Therapeutics Workshop
Wednesday, December 14, 2016
5:45 pm – 9:00 pm

Course Director
Franklin E. Kasmin, MD

Guest Faculty
William H. Brown, MD; Jonathan Cohen, MD; Paul Fockens, MD, PhD; Jürgen Hochberger, MD, PhD; Sergey V. Kantsevoy, MD, PhD; Kai Matthes, MD, PhD; Stavros N. Stavropoulos, MD

Intended Audience
Gastroenterologists and GI Fellows

Course Description
Advances in endoscopic knowledge and technology are developing on a continual basis, creating a need for endoscopists to receive ongoing training to process new information and develop enhanced skills. This course is designed to give participants an ex vivo forum for learning and practicing the exciting new endoscopic techniques which allow tumor resection in complex situations. Hands-on training in therapeutic endoscopy skills, including dissection techniques, advanced EMR and polypectomy, and mucosal closures/perforation management will be provided.

Learning Objectives
- Improve performance of advanced therapeutic endoscopic procedures
- Gain important experience with certain new techniques and maintain skills in others
- Evaluate different approaches to new endoscopic procedures including indications and proper technique

Accreditation Statement
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the providership of Albert Einstein College of Medicine and the New York Society for Gastrointestinal Endoscopy. Albert Einstein College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
Albert Einstein College of Medicine designates this live activity for a maximum of 3.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Agenda
5:45 – 6:00 pm
Registration and Refreshments
6:00 -6:30 pm
Introduction and Didactic Overview
6:30 – 9:00 pm
Hands-on Training with the Faculty
Rotation Through the Following Stations:
Gastric ESD (Dr. Hochberger)
UGI Tract EFTR/STER (Closure of Defect with Suturing; Dr. Stavropoulos)
UGI Tract Large Clip Closures (Dr. Matthes)
UGI Cap EMR (Dr. Cohen)
Colon ESD (Dr. Kantsevoy)
Colon SM Tunneling/Small Clip Closures (Dr. Kasmin)
Endoscopic Suturing (Dr. Brown)
Saline-Assisted Polypectomy (Dr. Fockens)
Option 3
Practical EUS: Case Discussions with the Experts
Wednesday, December 14, 2016
6:00 pm – 8:30 pm

Course Director
Sammy Ho, MD

Guest Faculty
Juan Carlos Bucobo, MD; Jonathan M. Buscaglia, MD; Christopher J. DiMaio, MD; David H. Robbins, MD, MSc

Intended Audience
Gastroenterologists and GI Fellows

Course Description
This course is designed to provide a focused review of the main indications for EUS, to present and elucidate specific quality measures in EUS by indication, and to use case-based discussions to illustrate interventional EUS techniques and indicators of quality EUS examinations. Instruction in endoscopic ultrasound is not a typical component of most GI fellowship programs. Although some training programs cover basics skills, little attention is given to mastering specific quality measures in EUS. This course will use case-based discussions to help participants gain proficiency in the spectrum of EUS skill sets, from basic to advanced. Registrants are also invited to bring their own cases for review and discussion by the group.

Learning Objectives
• Bridge the gap from practical tips to specific quality measures in EUS
• Define the components of the ideal targeted EUS exam by specific indication
• Integrate a basic skill set with latest advances in interventional EUS

Accreditation Statement
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the providershhip of Albert Einstein College of Medicine and the New York Society for Gastrointestinal Endoscopy. Albert Einstein College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
Albert Einstein College of Medicine designates this live activity for a maximum of 2.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Agenda
6:00 – 6:30 pm Registration and Refreshments
6:30 pm Welcome and Introductions
6:30 – 8:30 pm Case Discussions

Special Invitation to Ask the Experts: Registrants are encouraged to bring video clips of their own cases for discussion by the group. Our panelists will analyze your cases and offer insight and opinion on diagnosis and treatment options.
Option 4
ERCP: Minimizing Risk, Optimizing Outcomes
Thursday, December 15, 2016
5:45 pm – 9:00 pm

Course Director
Christopher J. DiMaio, MD

Guest Faculty
Jonathan M. Buscaglia, MD; David L. Carr-Locke, MD; Martin L. Freeman, MD; Sammy Ho, MD; Douglas A. Howell, MD; Lauren G. Khanna, MD; Nikhil A. Kumta, MD; John M. Poneros, MD;

Intended Audience
Practicing gastroenterologists who perform ERCP, Advanced Endoscopy Fellows, and ERCP Nurses and Technicians

Course Description
Rapid advances in technology are transforming the practice of ERCP, making it increasingly important for physicians to keep current with both the cognitive and hands-on aspects of procedural endoscopy through mentored practice with new equipment and methods. This course is designed to give participants a comprehensive review of the latest diagnostic and therapeutic techniques in ERCP. It will present both pharmacologic and technological advances and provide participants with mentored learning at the side of an expert endoscopist.

Learning Objectives
• Apply standard and advanced techniques in ERCP
• Assess new developments in endoscopic devices including ERCP catheters and cannulation techniques
• Identify and discuss the indications for pancreaticobiliary stenting and advances in techniques and stent technology
• Describe advanced techniques for achieving biliary cannulation
• Describe the use of mechanical lithotripsy in the management of difficult biliary stone disease
• Identify appropriate indications for ERCP in pancreatic disease
• Incorporate into practice safe and effective techniques in advanced ERCP skills, including sphincterotomy, wire exchanges, and placement of plastic and metal stents.
• Describe appropriate technique and decision making in approaching malignant hilar biliary strictures
• Recognize and manage adverse events related to ERCP

Accreditation Statement
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the providership of Albert Einstein College of Medicine and the New York Society for Gastrointestinal Endoscopy. Albert Einstein College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
Albert Einstein College of Medicine designates this live activity for a maximum of 3.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Agenda
5:45 – 6:00 pm
Registration and Refreshments

6:00 – 6:05 pm
Welcome and Introduction
Christopher J. DiMaio, MD

6:05 – 6:20 pm
The Best Laid Plans of Mice and Men: Optimal Approach to Hilar Biliary Strictures
Douglas A. Howell, MD

6:20 – 6:35 pm
Yikes! Recognizing and Managing Adverse Events of ERCP
David L. Carr-Locke, MD

6:35 – 6:50 pm
Proceed with Caution: The Do’s and Don’ts of Pancreatic ERCP
Martin L. Freeman, MD

6:50 – 7:00 pm
Panel Discussion / Question and Answer Session

7:00 – 9:00 pm
Hands-On Training with the Faculty Rotation Through the Following Stations
Cannulation and Sphincterotomy I
Cannulation and Sphincterotomy II
Plastic Biliary Stents
Plastic Pancreatic Stents
Metal Stents
Cholangiopancreatoscopy
Pseudocyst Drainage
Mechanical Lithotripsy

Optional Satellite Programs:
Advanced Hands-On Workshops and Symposia
Ann-Marie Allarey-Quimbo, BSN, RN, CGRN
Immediate Past-President, Northern New Jersey SGNA
Hackensack University Medical Center
Hackensack, NJ

Sherif Andrawes, MD
Northwell Health Physician Partners
Staten Island University Hospital
Northwell Health
Staten Island, NY

Marc Bessler, MD
Chief, Division of Minimal Access/Bariatric Surgery
New York-Presbyterian Medical Center – Columbia Campus
Professor of Clinical Surgery
Columbia University College of Physicians and Surgeons
New York, NY

Cathy S. Birn, MA, RN, CGRN, CNOR
Endoscopy Pre-Admission Assessment and Education
Memorial Sloan Kettering Cancer Center
New York, NY

Brian P. Bosworth, MD, NYSgef
Professor of Clinical Medicine
Chief of Medicine, Tisch Hospital
NYU Langone Medical Center
New York, NY

Lawrence J. Brandt, MD, NYSgef
Professor of Medicine and Surgery
Albert Einstein College of Medicine
Emertius Chief of Gastroenterology
Montefiore Medical Center
Bronx, NY

William H. Brown, MD

**Registration**

Registration and payment should be made online through NYSGE’s secure website (www.nysge.org). For assistance with login issues, please contact us at info@nysge.org or call 646-218-0650.

**Active and Fellow Members**

Active and Fellow Members must login to obtain member rates. GI Fellows who are not yet NYSGE members must apply for Fellow Membership in NYSGE before registering. Please visit the Registration page under the Annual Course tab on the website for further information. Membership is complimentary for fellows, but an application is required.

**Non-Member Physicians and GI Nurses and Associates**

Non-member physicians and GI nurses and associates must create a user account or login to a previously created account before registering. Please visit the Registration page under the Annual Course tab on the website for further information. If you do not remember or wish to verify your login information, please email info@nysge.org or call 646-218-0650 before creating a new account.

**Northern New Jersey SGNA Members**

Current members of Northern New Jersey SGNA are entitled to a 10 percent discount on registration fees. Before registering, please email info@nysge.org or call 646-218-0650 for further information and instructions. Please note that discounts cannot be applied after a registration is made, so please contact us before registering.

**Check Payments**

To pay by check, download and complete the manual registration form found on the Registration page under the Annual Course tab on the website and mail with check payment to NYSGE (see instructions below for registering by mail, fax, or email).

**To Register by Mail, Fax or Email**

Online registration is faster and more secure. However, registration by mail, fax, or email is permitted. Download the applicable registration form and complete and return following the instructions on the form.

**Cancellation Policy**

Refund less $50 processing fee for Annual Course registration and for Options 1, 2, and 4 will be given when requested in writing and submitted no later than December 7, 2016. No refunds will be made after this date. A full refund for Option 3 will be given when requested in writing and submitted no later than December 7, 2016. No refunds will be made after this date.

**Annual Course T-Shirts**

Be sure to pre-order your 40th Annual New York Course T-shirt for pick-up at the conference. Not all sizes and styles will be available onsite. Ordering instructions are at www.nysge.org. T-shirts are $15 each.
Optional Programs

Please register early, as space is limited. However, courses that do not fill may be subject to cancellation. If canceled, a full refund will be made.

Wednesday, December 14, 2016

Option 1: Barrett’s Esophagus-Moving the Needle Forward: Pearls for Patient Management 12:45 pm – 5:30 pm
Option 2: STER to SAP: Combined Upper and Lower GI Resection and Advanced Therapeutics Workshop 5:45 pm – 9:00 pm
Option 3: Practical EUS: Case Discussions with the Experts
6:00 pm – 8:30 pm

Thursday, December 15, 2016

Hotel and Parking

Hotel Information
New York Marriott Marquis Hotel
1535 Broadway, New York, NY 10036

Situated in exciting Times Square, the New York Marriott Marquis Hotel offers easy access to entertainment, cultural venues, numerous restaurants, and world-famous shopping. During the conference, the city will be ablaze with color for the holiday season, offering a wonderful opportunity to combine education with pleasure.

The NYSGE guest room rate is $359 plus tax (currently 14.75%) plus $3.50 occupancy fee per room per night for single/double rooms booked by Monday, November 21, 2016, based on availability. Rooms are limited and the $359 room block may sell out before November 21, 2016. At the cut-off date of November 21, 2016, all booked rooms will be charged a non-refundable one night’s room and tax to deter last minute cancellations. There is no charge for rooms canceled prior to the cut-off date. Group rates will not be available after November 21, 2016, but the hotel will do its best to accommodate requests at prevailing rates.

To obtain the group rate, reservations must be made in one of these two ways:

Visit the Hotel Information page under the Annual Course tab on the website (www.nysge.org) to locate the hotel reservation link. Or, enter this link directly into your browser: https://resweb.passkey.com/go/NYSocietyGastro40thNYCourse

Call 1-877-303-0104 (toll free) or 1-212-398-1900 (local). To receive group rates, be sure to mention our group name: NYSGE 40th Annual New York Course.

Parking Information
Parking is not included in the registration fee. Parking is available at the Marriott and in numerous parking garages in the Times Square area. A list of local garages can be found on the NYSGE website (www.nysge.org).

Special Needs

Dietary Needs
Kosher, vegan and gluten-free lunch selections will be available by advance request. Indicate your preference on the registration form. Tickets will be distributed and collected for these lunches. Vegetarian options will be included among the regular selections available during all meals and breaks. If you have a different special need, please so indicate on the registration form.

Special Needs
Participants in need of special accommodations are asked to submit a written request no later than December 1, 2016 to NYSGE, 1461 First Avenue, Suite 324, New York, NY 10075-2201, or email info@nysge.org.
