

2019 NYSGE SEMINAR SERIES

David B. Falkenstein, MD Fellows Night

Wednesday, April 17, 2019

6:00 pm – 9:00 pm

This activity is jointly provided by the Albert Einstein College of Medicine
and the New York Society for Gastrointestinal Endoscopy

Mount Sinai Hospital

Hatch Auditorium

1468 Madison Avenue, 2nd Floor

New York, NY 10029

COURSE DESCRIPTION

Gastroenterologists are frequently exposed to interesting and difficult cases. Presentation and large group discussion of such cases can expose many more physicians to complex cases and improve knowledge and patient management. In this program, up to eight interesting, unusual, or otherwise challenging cases will be presented by NYSGE fellows and discussed by attendees. Presentations will be scored by NYSGE attending members and endoscopy program directors present at the event. The fellow presenting the highest scoring case will be acknowledged at the 2019 NYSGE Annual Dinner and receive an award.

LEARNING OBJECTIVES

After attending this program, participants will be able to:

1. Outline the endoscopic evaluation, findings and treatment of challenging cases.
2. Analyze the associated radiologic and/or pathologic findings associated with these cases.
3. Discuss the clinical presentation, endoscopic management, and follow-up of these cases.

INTENDED AUDIENCE

Attending physicians and fellows in gastroenterology
